Educational Background

Bachelor of Science in Information Technology
Southern Leyte State University - Main Campus
Graduated: 2023 | Cum Laude

Professional Experiences

Software Developer | Consultant
Provincial Systems A.O. (Capitol Site, Southern Leyte, Phil.) | Remote
2024 - Present

- ✓ Leading the development of enterprise-level web applications.
- ✓ Implementing complex database architectures and optimizing application performance.
- ✓ Implemented CI/CD Pipeline for production deployment.
- ✓ Developed projects intended for the offices daily use.
- ✓ Conducted training sessions, and project orientations.

Full Stack Developer
Freelance | Remote
2023 - Present

- ✓ Developed and maintained multiple client websites and web applications.
- ✓ Developed multiple system projects for specific institutions.
- ✓ Conducted training sessions, and project orientations.

On-the-Job Training (OJT): System Developer
FCSIT Building, SLSU Main Campus
February - June 2023

- ✓ Developed two internal systems: (1) a Capstone Project Repository — an online archive system for student capstone projects, and (2) a QA File Management System — designed for document handling and compliance under the QA office of SLSU.
- ✓ Handled a freelance client from Maasin City, developing a Graduate Studies Profiling Management System to assist in tracking academic records and profiles of graduate students.

Technical Skills

- ✓ Vue.js, React.js, Next.js … *next page*

- ✓ JavaScript, Typescript
- ✓ Laravel, Livewire, Laravel
- ✓ GraphQL, Lighthouse PHP
- ✓ MySQL, MongoDB, Supabase
- ✓ Git, Github Actions

Certificates

- ✓ **Document Tracking Assistant Certificate** | completed this certification for developing the Document Tracking Assistant for the Province of Southern Leyte

- ✓ **Enablement Certificate** | Participated the ASEAN Data Science Explorers in 2023. An Enablement Session - SAP Analytics Cloud training session

Featured Achievements

- ✓ **August 2025** | Conducted a comprehensive discussion on key issues, gathered user feedback, and facilitated an open forum to address concerns and share insights. Presented recommendations to further enhance the Document Tracking Assistant System, ensuring improved usability and alignment with office needs at the Capitol Site of Southern Leyte.

- ✓ **January 2025** | Conducted a follow-up orientation in January 2025, focusing on the full implementation of the Document Tracking System. The session included in-depth user demonstrations, system navigation, and real-time simulations to ensure smooth adoption and operational efficiency across all offices at the Capitol Site of Southern Leyte.

- ✓ **November 2024** | Conducted the initial orientation and training session for the Document Tracking System in November 2024 at the Capitol Site offices in Southern Leyte. The session introduced staff to the system's features and workflow, aimed at improving document processing efficiency and enhancing overall transparency in transactions.

- ✓ **April 2024** | A half-day orientation conducted in April 2024 at the FCSIT Building, Southern Leyte State University (SLSU), introducing the Legislative Management System to key personnel and staff. The session covered practical understanding of the platform's capabilities in streamlining legislative operations.

- ✓ **March - November 2023** | The development team presented the system to Governor Mian Mercado and members of the Sangguniang Panlalawigan (SP), highlighting its potential to promote digital economic inclusion. Following feedback and recommendations from stakeholders, the system underwent enhancements in November 2024 to improve functionality, user experience, and adaptability based on actual community needs. The e-Mercado platform continues to serve as a step forward in the province's digital transformation initiatives.
